

# How to connect to Jenkins from home

Alex Bijlsma

April 24, 2020

## 1 Setting up the VPN

In order to set connect to Jenkins from home, you have to set up a VPN to the network of ALTEN.  
Execute the following steps:

1. Perform the steps in this article:  
<https://servicedesk.alten.nl/support/solutions/articles/5000062308-vpn-verbinding\alten-nederland-ssl-vpn->
2. Open the following file as an administrator: `\C:\Windows\System32\drivers\etc\hosts`  
Note: it is recommended to open it in an editor such as Notepad++
3. Add the following line at the bottom of the file:  
`192.168.135.58 ci-full-waveform-inversion.alten.nl`
4. Connect to the VPN on your Windows machine by logging in with your ALTEN account.
5. Go to: <https://ci-full-waveform-inversion.alten.nl/>
6. Log in with the following details:  
Username: admin  
Password: admin
